Dear Sir David,

I am writing to you on behalf of the members of GATCOM to express our thanks for successfully leading Gatwick through its transformation programme over the past three years under GIP's ownership. We recognise that this has been no easy task, but and under your Chairmanship, Gatwick now has its own distinct identity, brand and offering through the significant investment you have secured in the facilities for airlines, passengers and staff.

As you know, building trust amongst the wider communities around Gatwick is essential in taking forward growth plans for the airport and I commend the way in which you have cultivated the positive working relationship GATCOM has with GAL. I know members and other key interests have valued the open and honest way in which GAL, under your leadership, approaches issues and we look forward to continuing this positive relationship with Sir Roy, Stewart and the executive management team as we enter the next phase of the airport's growth.

We wish you every success for the future.

With kind regards,

A handwritten signature in black ink, appearing to read "John Godfrey".
