

## 1 Local Plan - Issues and Approaches

### Question 1

#### What do you think about the issues?

You may want to consider the following:

- Are these the main issues facing the district?
- Are there any issues missing?
- Should any issues be removed?
- What is the most important issues(s)?

### Question 2

#### What do you think about the Objectives?

You may want to consider the following:

- Are there the objectives appropriate for the district?
- Are there any objectives missing?
- Should any objectives be removed?
- What is the most important objective(s)?

### Question 3

#### What do you think about the Council's vision for how the district will be in 20 years time?

#### Question 4

##### What do you think about the delivery strategy approaches?

You may want to consider the following:

- Is there a delivery strategy that you prefer?
- Is there a delivery strategy missing?
- Should there be a mixture of the delivery strategies, for example, approach 2A, part of approach 3 and approach 6?

**N.B.** Please remember that we are asking for views on the delivery strategy approach and not on particular 'clusters', as these could be subject to change following the consultation and once all technical assessments, such as the Green Belt Assessment and the Infrastructure Baseline Study have been incorporated into the Plan. However, if you feel that there is an issue with a cluster then we welcome comments on this.

#### Question 5

##### What do you think about each of the policy approaches? For clarity, these are Approach 1 - Approach 16 in the blue boxes, that start with Economic and Tourism Policy Approaches?

You may want to consider the following for each policy (1-16):

- Is there a policy approach (A-D) that you prefer?
- Is there a policy approach missing?
- Should there be a mixture of the policy approaches? For example, under policy 16- Aviation, approach C and D should be the policy approach the Council takes forward.

#### Question 6

##### Do you have any other comments?

You may want to consider commenting on the technical assessments that are available at [www.tandridge.gov.uk/technicalassessments](http://www.tandridge.gov.uk/technicalassessments):

- Sustainability Appraisal - a legal document that assesses each approach against environmental, economic and social objectives;
- Habitat Regulations Assessment - a legal document that assesses the impact of the plan on European protected sites;
- Equality Impact Assessment - a legal document that assesses the impact of the plan on the protected characteristics in Equality Act 2010;
- Other technical assessments - such as Green Belt Assessment, the Strategic Housing Market Assessment, the Economic Needs Assessment.
